

Clothing and Textile Recycling Resource

West Deerfield Township partners with the **Solid Waste Agency of Lake County (SWALCO)** on an initiative to collect and re-purpose unwanted clothing and textiles. We encourage our neighbors to take advantage of the two SWALCO drop boxes located in the West Deerfield Township parking lot.

The boxes are accessible at all times and will accept most clothing and textiles.

SWALCO makes donations to our food pantry based on the number of items collected. So, when you drop off unwanted clothing, you're supporting the environment as well as our neighbors who rely on our food pantry.
